Claim procedure: Submit the reimbursement documents listed in Clause 7.1. The insurer, not this document, decides the claim.

Clause 2.1 Family floater. This policy covers the policyholder and the dependent parents named in the schedule.

Benefits

Clause 4.1 Hospitalisation benefit. The Company shall cover medically necessary in-patient treatment in a hospital in India where the insured person is admitted for more than 24 consecutive hours, up to the sum insured, subject to the terms, exclusions, and sub-limits of this policy.

Clause 4.2 Pre and post hospitalisation. Medical expenses incurred for 30 days before admission and 60 days after discharge are covered when they relate to the same illness, subject to the sum insured.

Clause 4.3 Room rent sub-limit. Room rent for a non-ICU room is limited to INR 5000 per day. If the insured person opts for a higher room category, a proportionate deduction may be applied to associated hospital charges. This sub-limit is not a promise of payment.

Clause 4.6 Co-payment. A co-payment of 10 percent applies only when treatment is taken at a hospital that is not in the Company's network. No deductible applies under this schedule.

Exclusions and waiting periods

Clause 5.1 Waiting periods. A waiting period of 36 months applies to the pre-existing conditions listed in Annexure B, including hernia, cataract, joint replacement, and kidney stones. Acute conditions that are not listed are not automatically excluded, and the Company may ask for prior treatment records.

Clause 5.2 Non-medical consumables. Items such as gloves, toiletries, and other non-medical consumables are excluded unless the hospital bill shows they were part of a documented surgical package. Where the bill description is ambiguous, the Company will interpret the item.

Claim documents

Clause 7.1 Documents for reimbursement. A reimbursement claim must include the policy schedule, discharge summary, itemised hospital bill, and the signed claim form.

Clause 7.2 Bank proof. Reimbursement claims require a cancelled cheque or a bank statement in the policyholder's name before payment can be processed.
